Personal Identification Numbers (PINs)

A PIN is assigned to a vehicle when the Secretary of State receives electronic verification of your insurance.

The PIN can only be used for this renewal year. Do not use a PIN from a previous year.

Common reasons for not receiving a PIN include:

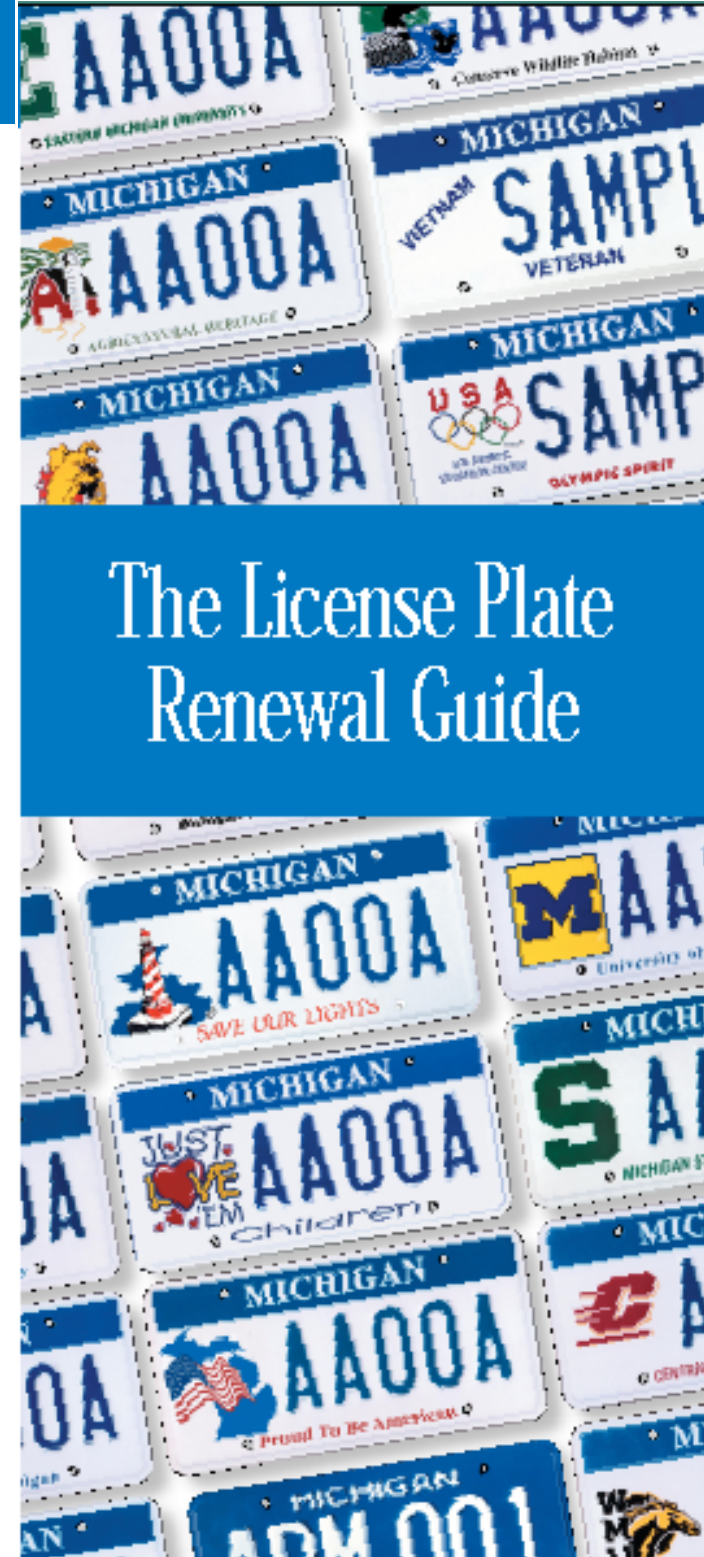

- The insurance company does not participate in the electronic insurance verification program.
- The vehicle type is not eligible to renew by Internet or phone at this time.
- The VIN is not accurate on your insurance policy.
- The insurance policy is too new.
